

## Norwegian Lag Week in Salt Lake City Utah

Dates: February 16 through February 22, 2020

Hotel: A block of rooms is reserved until January 15, 2020 and then available if rooms are open

Call: Rich Williams at 801 606 2410

The Plaza Hotel is our choice as it is located next door to the library. They have a shuttle from the airport. To access the shuttle stop at the information desk by the luggage pick up at the airport and ask to call the Plaza Hotel. They will give you a pick up time and tell you which door that is close to the information desk.

Schedule will include several classes and a lot of research time with help available from staff and fellow members.

We begin with a general meeting on Sunday evening February 16 around 6:00 pm. This is an opportunity to meet fellow participants and also begin planning for how you will spend the week at the library. A schedule of the classes we have planned will be discussed.

Note this is the week before Roots Tech which is scheduled for February 26 to February 29, 2020. This requires separate registration for the conference and hotel. Check the web page for Roots Tech 2020.
